Woven Wire Mesh For Interior Design

Introduction

Woven wire mesh is ideal material for interior design, due to its versatility, stability and exclusive optical properties. The wire mesh can be found from dividing panels, creative design products, ceilings and wall covering. Woven wire mesh is available in many different weave sizes and finishes to fit any style. The wire mesh panel works great as a divider, it is allowing air movement and light to pass through.

Products

- Stainless steel wire mesh
- Brass wire mesh
- Copper wire mesh
- Phosphor bronze wire mesh
